### **About the Institute**

The Bannari Amman Institute of Technology (BIT) is an energetic and vibrant higher educational institution promoted by the Bannari Amman Group, a leading corporate house in southern part of India. It is an impressive campus situated in a serene surrounding at the foot hills of Nilgiris Mountains encompassing a sprawling area of 180 acres with a built - up area of more than 27 lakh square feet and presenting an exemplary illustration of corporate contribution to society. BIT is a well-designed campus with state-of-the-art facilities. It is an ideal, conducive, educational retreat where one can fully focus on studies and attain academic goals.

The institute has a team of 500 dedicated members of faculty, 150 with PhDs and 140 pursuing PhD. Institute offers 15 undergraduate programmes and 15 postgraduate programmes and Ph.D. programmes in Engineering, Technology, Software Engineering and Management. All eligible courses have been accredited by National Board of accreditation (NBA), AICTE and is an ISO 9001-2008 Certified Institution. The institution is also reaccredited by National Assessment and Accreditation Council (NAAC) with A Grade.

BIT has a reputation as an innovative and dynamic educational institution that maintains the highest standards of instruction and provides a complete student support system, using the latest developments in instructional technology with utmost care. In this direction, in a short span of eleven years, BIT has been conferred with autonomous status from the academic year 2007 - 2008 by the Anna University of Technology Coimbatore and University Grant Commission.

### **About the Department**

The Department of Automobile Engineering established in 2014, offers B.E. Automobile Engineering. The department has a core team of qualified and experienced faculty with industrial and research background. In addition, the department is fully equipped with state of the art laboratories. The department has organized several Conferences, Seminars, Workshops, and Expert Lectures for the benefit of both academia and industrial community in a short period.
