Research Ethics Committee

The Research Ethics Committee reviews sponsored and academic research proposals to verify that they conform to recognised ethical principles, with particular emphasis on safeguarding the rights, safety, and well-being of participants. Obtaining ethical approval at an early stage not only enhances the validity and credibility of the research but also expedites its dissemination and funding prospects, thereby nurturing a sustained culture of ethical scholarship within the Institute.

Members of the Research Ethics Committee (2025-2028):

Role in the Committee	Member
Academic External Expert	Dr. N. Senthilkumar Scientist F, Forest Entomology, ICFRE- Institute of Forest Genetics and Tree Breeding, Forest Campus, R.S.Puram, Coimbatore.
Industrial External Expert	Mr. N Manikavasagam Global Lead - Quality, OpEx & Digital Transformation
Principal (Chairperson)	Dr. C. Palanisamy
Dean (Research & Development)	Dr. A. Amarkarthik
Institute-Level Coordinator (R&D)	Dr. Deepa D

Objectives:

- To review research proposals and decide whether the proposed work is ethically sound.
- To set clear plagiarism standards, so that every researcher submits a plagiarism report before sending an article to a journal or conference.
- To make sure researchers are properly trained in using equipment, keeping information confidential, managing data and records, protecting and publishing data responsibly, using authorised research resources, and respecting the intellectual property of others.
- To ensure that research supervisors follow the Doctoral Supervision Code of Practice, which explains the supervisory relationship, how research progress is reviewed, and how difficulties between scholar and supervisor are resolved.
- To guide and support scholars and students who have ethical concerns about their research.
- To serve as a body that looks into disputes about research ethics and conduct and offers fair advice.
- To examine how human participants are involved in research and to make sure they are treated with dignity and care.
- To regularly raise awareness of research ethics among students, scholars and faculty, so that research remains genuine and free of avoidable errors.
- To give researchers an open forum where they can share their worries about the work they are doing.

Meeting Frequency:

- Once every semester, and additionally whenever a case needs urgent attention.
